Letter From the Executive Director

Happy New Year OSCA Members!

As we have begun 2018, I think it is only appropriate to thank all of you for being part of the OSCA in 2017 and for your continued support this year. Everything we accomplished last year, from bills being introduced, to fighting insurance companies, to advocating for expanding reimbursement within Medicaid, could not be done without your commitment to us. So thank you!

For 2018 we remain committed to spreading your message across the state in every facet of government, insurance companies, local communities and other healthcare models. Our non-pharmacological, anti-opioid message is working and will continue broadcasting that message as far as it will go.

I truly hope your 2018 is a great and bright year for you personally and professionally. Continue showing the world why it is what you do and why it works. Remain committed to the fight and good things will happen.

Sincerely,

Nicholas Strata
Executive Director
Ohio State Chiropractic Association

License Renewal is March 31st!
