Announcing: The 1895 Club

The OSCA is excited to announce The 1895 Club! We are grateful to have members who understand that the OSCA's presence in the legislative arena is vital to ensuring that new rules and laws serve the interest and longevity of the profession.

What is the 1895 Club?

The 1895 Club is an exclusive group of people that have committed monthly contributions to the Chiropractic Political Action Committee or have donated a significant amount to the PAC. Donating to this fund is entirely voluntary. These members also tend to have a higher interest in the OSCA's advocacy and policy efforts. We wanted to recognize these members for their generous contributions and efforts. Anyone who donates \$50/month or over \$600 annually qualifies for this club.

Why Should You Donate?

There are many reasons to donate to Ohio's only Chiropractic Political Action Committee. The biggest reason is that many voices are louder than one. Together, we can continue to make our presence known in Columbus. We all know that chiropractic is having a moment in the spotlight. We can't let it pass us by. We must stay at the front of all the legislator's minds and ensure that we have our champions standing up for us, pushing for our legislation, and helping us move chiropractic forward.

What do you get?

As a result of your contributions, we have put together a special package for all 1895 Club Members. You will receive exclusive gifts throughout the year and more frequent updates from the OSCA's Executive Director on all ongoing legislation and updates on our legislative goals. You will also receive special access to events, including our annual reception with Ohio legislators at the OSCA Convention. We will also have options for some members each year to have dinner with legislators or participate in certain fundraising events on behalf of the OSCA.

All 1895 Club members should receive their notifications this week. Keep an eye on your mailbox! To become a member of the 1895 Club, go to the [OSCA C-PAC web page](#) or call Nicole Ganim at 614-229-5290.

Welcome the first members of

The 1895 Club

Dr. Paul Baker	Dr. Gregory Goffe	Dr. Bryan Royer
Dr. Vincent Brechbill	Dr. John Jones	Dr. Ted Sazdanoff

Dr. Stacy Chidester	Dr. Julia Keiser	Dr. Nathan Sikora
Dr. Jodi Cooley	Dr. John Kohl	Dr. Jerrold Simon
Dr. Rick Cox	Dr. James Krumpak	Dr. Alan Stobinski
Dr. Patrick Ensminger	Dr. Darla Lammers	Dr. Patricia Williams-Lydy
Dr. Carl Eyman	Dr. Gregory Pitman	Dr. Gregg Winnestaffer
Dr. Camilla Ferguson	Dr. Theodore Poelking	Dr. Jeff Zaika
Dr. Kent Fox	Dr. Robert Prewitt	Dr. Ryan Zimmer
Dr. Mickey Frame	Dr. Gregory Rinehart	Robert Zirker

Does your staff have a General X-Ray Machine Operator License?

We have been getting an increase in questions regarding acceptable CE hours for those with a GXMO license. ODH now accepts distance learning for continuing education credits for all categories, specific to the license category held. The continuing education requirement is still 12 credits. Acceptable topics include:

- Quality control, quality assurance, or quality management practices;
- Principles of radiographic imaging;
- Radiographic, radiation therapy, nuclear medicine or bone densitometry equipment, instrumentation, positioning, or procedures; or
- Radiation safety and protection.

CE courses must be approved by ODH, American Society of Radiologic Technologists, Society of Nuclear Medicine, or International Society for Clinical Densitometry, and must be completed before the license expiration date.

One site that is approved is called E Radimaging. They are online courses and it only costs \$49.95 a year. There are 30 hours available.

- Click on the tab CE courses
- Click on View CE courses by topic
- Click on a topic
- It will bring up a list of course options under that topic.
- You will cover/read the material, take a quiz, and receive a certificate of completion.

To find out more about acceptable CEs for GXMO licenses, or to find out how to apply for a license go to the [ODH Radiologic Licensure Website](#).

THE 2018 OSCA ANNUAL CONVENTION

October 26th-28th

Reporting Unclaimed Funds: The responsibilities of businesses

Do you know what to do when you have a customer account that's become dormant and you can't contact the owner despite your best efforts?

The Ohio Department of Commerce's Division of Unclaimed Funds take reports of unclaimed property, and works to reunite Ohioans with their hard-earned but forgotten money. Unclaimed properties include deposits, unclaimed wages, checking/savings accounts and insurance policies, as well as the contents of safe deposit boxes.

All businesses that are located and/or operate in the state of Ohio are required to file an Annual Report of Unclaimed Funds with the division per Ohio Administrative Code Section 169.01. A few points about businesses' reporting requirements:

- There are no minimum reportable dollar amounts, except for unclaimed wages less than \$50.00.
- Businesses must file a report annually. Businesses not holding any unclaimed funds must still file a Negative (NONE) Report.
- The reporting deadline for non-life insurance companies is Nov. 1. The deadline for life insurance companies is May 1.
- The only entities exempt from reporting are political subdivisions of the state and Internal Revenue Code 501(c)(3) tax exempt hospitals.

Citizens can search for unclaimed property on the division's website – <https://www.com.ohio.gov/unfd/default.aspx>. If unclaimed funds are found, individuals can file a claim and provide documentation showing they are the rightful owner. There is no cost to file a claim.

For more information on businesses' requirements to report their unclaimed funds, visit the division's [FAQ page](#), or contact the division at 614-466-4433 or UnfdClaims.UnfdClaims@com.ohio.gov.

Upcoming Events
